About the program

This program is meticulously crafted to bridge the gap between academic knowledge and real-world application, providing you with a holistic learning experience that propels you towards success in the dynamic field of Supply Chain Management & Logistics.

Program Highlights

Project-based online Internship with IIT Guwahati:

Embark on a journey of hands-on learning with a project-based online internship in collaboration with IIT Guwahati. Learn from the best minds in the industry and academia, gaining insights that go beyond traditional classroom education.

Internship Completion Certificate:

Showcase your achievements with an Internship Completion Certificate, a testament to your dedication and the skills you've acquired during the program.

Final Presentation Evaluation by IIT Guwahati:

Imagine presenting your project at the prestigious IIT Guwahati campus. Subject to resource availability, this opportunity adds a unique dimension to your learning experience, giving you a taste of the academic and professional worlds colliding.

Opportunity to Work with Professors:

Forge connections with esteemed professors, opening doors to research projects and potential job opportunities at IIT, M Tech & PhD levels. Engage with academic leaders who can guide you towards a successful career in your chosen field.

Paid Corporate Internship:

As a part of our commitment to your professional growth, we offer a paid corporate internship for 1-3 months with a stipend of INR 2,500 per month. Gain practical experience in a real-world setting, setting the stage for a successful career ahead.

What do our aspirants have to share?

Varsha Joy

The faculty is interactive and tries to solve all the queries. She also explains using various case studies so as to make us understand better. Overall the programme is good.

Bineta Das

As I have been attending the classes for the last 13 sessions, I found the course quite interesting and insightful. Ma'am is very interactive and helpful. Looking forward to completing the course.

Thank you Expertrons.

Mehak Dhanda

Neha ma'am is just amazing. She teaches in a very easy language so every concept is crystal clear for us. I love the way she approaches everyone in the class so nobody is missed. Virtual studies are generally difficult but Neha ma'am makes sure that everyone is on the same page.

Love the way she makes us understand the topic.

Thankful to her.
